#### **Modoc July Complex Modoc County (Update)**

##### **Fire Information:**

2 miles south of Dalton Reservoir

Per Cal OES Fire Duty Officer and ICS 209 dated 07/05/14 at 1745 hours:

- 1,650 acres, 75% contained
- Cal OES Fire Assistant Chief John Clary has been assigned to the Complex.

**Fires in the complex:** Dalton, Dobie, Northern, Janes, 16 other fires for 74 acres.

#### **Coleman, Vegetation Fire, Modoc County (Update)**

##### **Fire Information:**

25 miles east of Fort Bidwell, California

Per Cal OES Fire Duty Officer and ICS 209 dated 07/05/14 at 1717 hours:

- 15,198 acres, 75% contained

#### **Gulch, Vegetation Fire, Modoc County (Update)**

##### **Fire Information:**

15 Miles North of Canby along Hwy 139

Per Cal OES Fire Duty Officer and ICS 209 dated 07/05/14 at 1745 hours:

- SRA/FRA
- Unified Command with CAL FIRE LMU and Modoc National Forest
- Start Date / Time: 07/04/14 at 1546 hours
- 5 Fires, 1600 acres, Grass and Brush, 75% contained
- 800 acres FRA, 800 acres SRA
- CAL FIRE Air and Ground Resources committed

# **SITUATION SUMMARY**

**Southern California Fires** (see *Fire Activity Section* for additional information):

## **Ranch, Vegetation Fire, Kern County** (**Update**)

### **Fire Information:**

10 miles west Lake Isabella, Kern County

Per Cal OES Fire Duty Officer and ICS 209 dated 07/05/14 at 1706 hours:

- FRA
- 150 acres, 0% contained
- Cooper Type 2 IMT assigned
- Local Government overhead assigned
- Fire is holding in place with the help of daily air support

## **Banner Incident, Vegetation Fire, San Diego County** (**Final**)

### **Fire Information:**

Per Cal OES Fire Duty Officer and ICS 209 dated 07/05/14 at 1755 hours:

- 217 acres brush, 90% contained
- 2 structures and 1 outbuilding destroyed
- Fire Management Assistance Grant (FMAG) submitted to Cal OES. The FMAG does not meet criteria and has been placed on hold.
- Local Government Resources released

# **SITUATION SUMMARY**

## **4.6 Magnitude Earthquake, Running Springs, San Bernardino County (New / Final)**

- On 7/05/14 at 0959 hours, a verified 4.6 magnitude earthquake occurred approximately 7 miles north of Running Springs, San Bernardino County. Per San Bernardino Warning Point, their stations have felt the earthquake from Big Bear to Victorville, but there are no reports of damage or injury. Los Angeles County Warning Point has reported they did not feel the earthquake and have not received any calls. Riverside County has received calls, but no reports of damage or injury.
- State Route 18 was closed due to rocks/debris on highway. The roadway has since been re-opened.

## **Motorcycle Rally, Hollister, San Benito County (New)**

- The City of Hollister is hosting a large motorcycle rally which is expected to have approximately 100,000 to 140,000 attendees at any given time. The rally is running until Sunday, 7/6/14. For the duration of the rally, several major Hollister streets will be closed.

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **Camp San Luis Obispo Last Power Outage Reminder - Monday, July 7, 2014**

- The outage will start at 0730 and last most of the duty day. Please ensure sensitive electronics are unplugged prior to power being restored. This will impact CSTI from the aspect that their phones and Guest wireless/ Internet will be down. The servers should be up, but they will lose some functionality.

# **SITUATION SUMMARY**

## **Significant Weather**

- Dust Storm Warning in effect until 1900 hours this evening for portions of Imperial and Riverside Counties.
- Severe Thunderstorm Warning in effect until 1930 hours this evening for portions of Imperial and Riverside Counties.
- Red Flag Warning in effect from 7/5/2014 at 1400 hours to 2200 hours for Modoc and Siskiyou Counties.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA**

Southwesterly winds will pick up again in Northeast California this afternoon and evening, but wind speeds will be lighter than occurred yesterday. Strong high pressure is building over Northern California from the Desert Southwest. By tomorrow afternoon temperatures will be 10-15 degrees above normal and relative humidity will drop to 5-15%, with widespread poor relative humidity recovery. Winds will be fairly light during this time. Also, subtropical moisture is expected to move into the area from the south and produce a slight chance of mixed dry and moist thunderstorms possibly as early as Sunday near Lake Tahoe and Monday over a larger portion of Northern California. Computer models currently show thunderstorm chances being the highest on Tuesday, mainly in the eastern and northern mountains, but there is at least a slight chance in eastern areas each day from Wednesday through Friday. High Risk symbols may be posted for the lightning potential as we get closer and computer models become more consistent.

# WEATHER

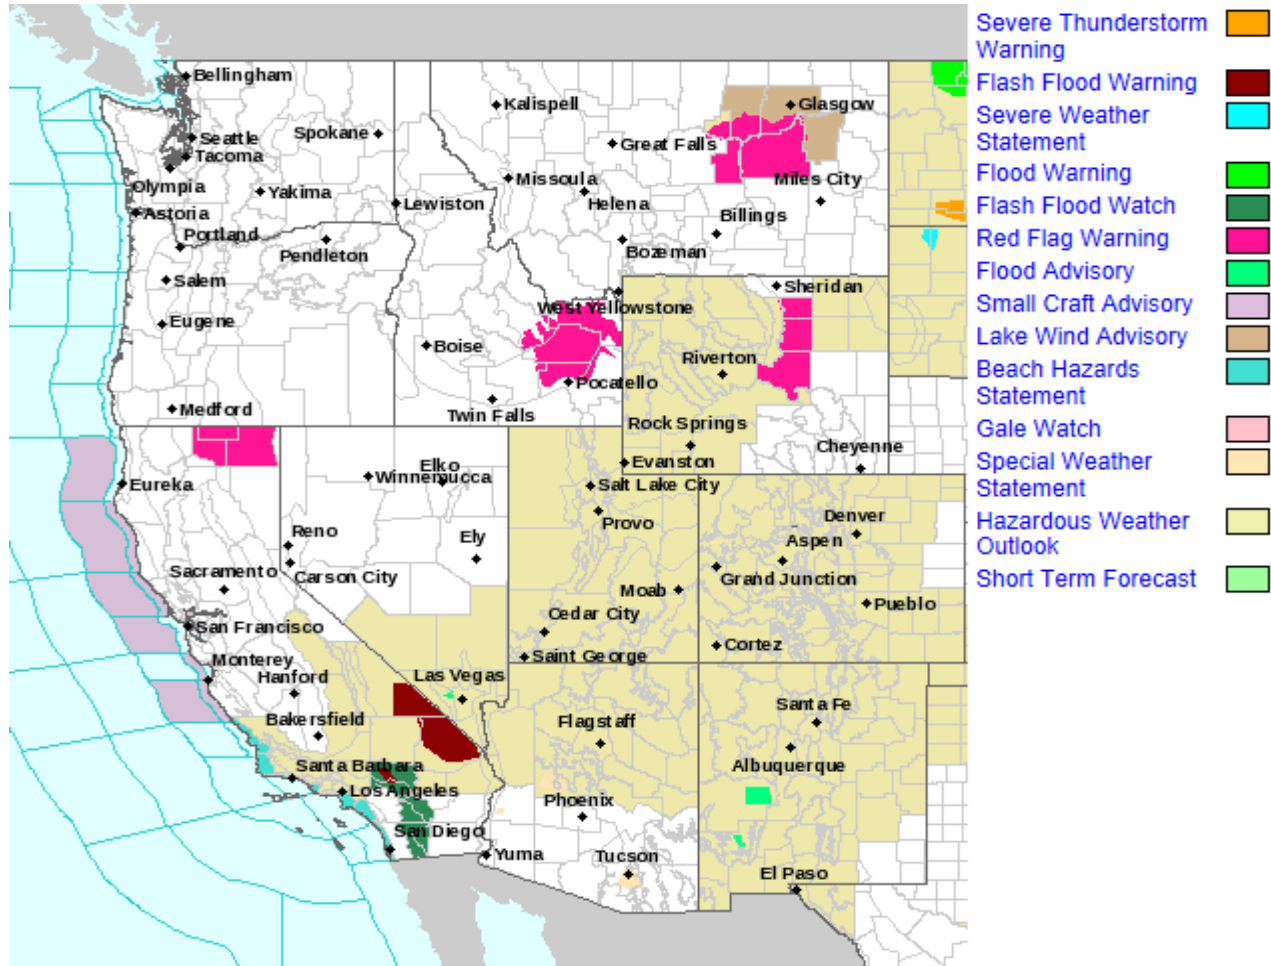

## WEATHER SYNOPSIS BY REGION:

### **SOUTHERN CALIFORNIA**

Subtropical moisture which has reached much of Southern California will fuel scattered wet thunderstorms again today. Yesterday, approximately 300 lightning strikes were recorded with the majority occurring over the southern San Bernardino National Forest and the Lucerne Valley. The storms today will be numerous over the deserts south of I-15 as well as the eastern and northern portions of the Angeles National Forest to the San Bernardino and Cleveland National Forests. Isolated storms will be possible as far west as northern Ventura County and the Antelope Valley. The storms may form by the late morning hours and will be capable of producing heavy rainfall and small hail as they drift to the north at 5-10 mph. Expect very warm temperatures again today with highs near 100 in the valleys and up to 110 in the deserts. While the southern part of the state will be quite humid, minimum relative humidity may fall toward the single digits in San Benito County and interior sections of Monterey County again this afternoon. Sunday the subtropical moisture is expected to shift northward into the Sierras where scattered afternoon and evening thunderstorms will be possible each day next week. Thunderstorms will be still be possible over southern California Sunday through Tuesday, but storm coverage should be less than today. Temperatures will remain above normal through the middle of next week.

OF EMERGENCY SERVICES

# CAL OES ACTIVATIONS

## Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday – Friday, 0800-1700 hours.

## **Situational Summary**

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

**\*\*As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.\*\***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

## **Situational Summary**

The National Weather Service provided the following synopsis for the relationship of Blowing Dust Advisories and the drought conditions in southeast California: Dust storms are common due to increased thunderstorm activity and the winds produced with these storms, during monsoonal flows. The severity of the dust storms could be locally exacerbated by drought conditions. In any event, the public should monitor NWS for any advisories and warnings issued by NWS.

On July 1 2014, administration of the CDPH Drinking Water Program (DWP) transferred to the California State Water Resources Control Board (SWRCB) Division of Drinking Water. CDPH and the SWRCB entered a Memorandum of Understanding outlining a three-month transition period during which drought response activities and any other emergencies will be coordinated jointly between the two organizations.

# CAL OES MISSIONS

## New Cal OES Missions

- **2014-LAW-4000**, On 7/5/14 at 1643 hours the Air Force Rescue Coordination Center (AFRCC) advised that a PLB was sounding near Shaver Lake, in Fresno County. The Cal OES Law Duty Officer is coordinating.

## Ongoing Cal OES Missions

- **2014-LAW-3978**, Update: On 7/4/14 at 1435 hours, San Bernardino County Sherriff's Department (SBSD) cancelled the K-9 portion of the request. Cal OES Law Branch K-9 Coordinator advised. The Mine Team response from LASD is still a go for Saturday, 7/5/14. Situation: On 7/3/2014 at 1523 hours, The SBSD is requesting mutual aid resources to assist in the search for human remains as part of an active, ongoing homicide investigation in the Twenty Nine Palms area. The request is for a mine team and HRD K-9's to search undisclosed area's on Saturday and Sunday, July 5 & 6. The Law Branch Region I Coordinator contacted the Los Angeles County Sheriff's Department for their Mine Team and Cal OES Law Branch is coordinating the HRD K-9 response.
- **2014-LAW-3981**, On 7/3/2014 at 1726 hours, the Glenn County Sheriff's Office requested SAR resources to assist in the search for human remains in the Sacramento River. On 6/21/14, a kayaker located human remains while on the River and notified authorities. Glenn County SO Detectives have been searching the area but with negative results and are requesting a mutual aid HRD K-9 to assist in a search for additional remains on Monday, 7/07/14. Butte County SO has agreed to assist with the mission and are coordinating directly with Glenn County.

# CAL OES MISSIONS

## Ongoing Cal OES Missions

- **2014-LAW-2798**, El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.
- **2014-LAW-2481**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2483**, The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

# CAL OES MISSIONS

## Closed Cal OES Missions

- **2014-LAW-3995**, On 7/5/14 at 1024 hours the International Emergency Response Coordination Center (IERCC) reported a SPOT activation at 39 0 27N, 120 45 50W, in Placer County. The registered owner of the device is a Park Ranger. The IERCC contacted State Parks, who was aware and advised that medical was at scene. At 1350 hours, State Parks advised that the call was concluded and that the Ranger activate the device on behalf of another subject.
- **2014-LAW-3986**, On 7/4/14 at 2003 hours, The International Emergency Response Coordination Center (IERCC) reported a SPOT/Delorme device activation in Lake County at coordinates: 39 9 28N, 122 34 57W, which plots on a dirt road off Bartlett Springs Road. Using the two way text messaging capability, the registered owner of the device advised IERCC that he was at the scene of an off road motorcycle accident with a male subject who suffered a major back injury. The Cal OES Law Duty Officer obtained additional information and briefed the Lake County Sheriffs Office (SO). At 2028 hours the Lake SO advised a REACH air medical helicopter was in route with a 9 minute ETA. At 2157 hours, Lake SO advised the patient has been recovered and is in route to the hospital via the REACH helicopter. IERCC notified.

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
